

New Service/Service Change Process & Charges

Contact Price Electric Cooperative to receive a new service packet with a *PEC Application for Membership and Membership Terms*.

When the *Application for Membership and Membership Terms* have been returned, PEC's Operations department will contact you to schedule a time to have an estimate done at your property.

Construction Charges:

- Minimum Billing: \$1400
(Covers costs associated with mobilization and physical installation of facilities, new service consultation and staking, and required documents)
- Pedestal:
 - 200 AMP Single Pedestal: \$1050
 - 200 AMP Double Pedestal: \$1300
 - 320 AMP Single Pedestal: \$1665
- Line Construction Costs:
 - Underground Cable Construction Footage: \$9.50/foot for the first 400 feet; \$4.50/foot thereafter
 - Overhead Construction: Actual Costs of Materials and Labor

Additional charges may apply for:

- Boring charges (road, water, rock)
- Winter construction
- 3-phase services
- Junction boxes
- Improperly cleared right-of-way
- Additional estimate meetings at site

Payment and any applicable paperwork (easements, wiring compliance statements, etc.) are due prior to construction. Construction will be scheduled upon receipt of payment and paperwork.

Estimates are good for 30 days.
